

# Predict

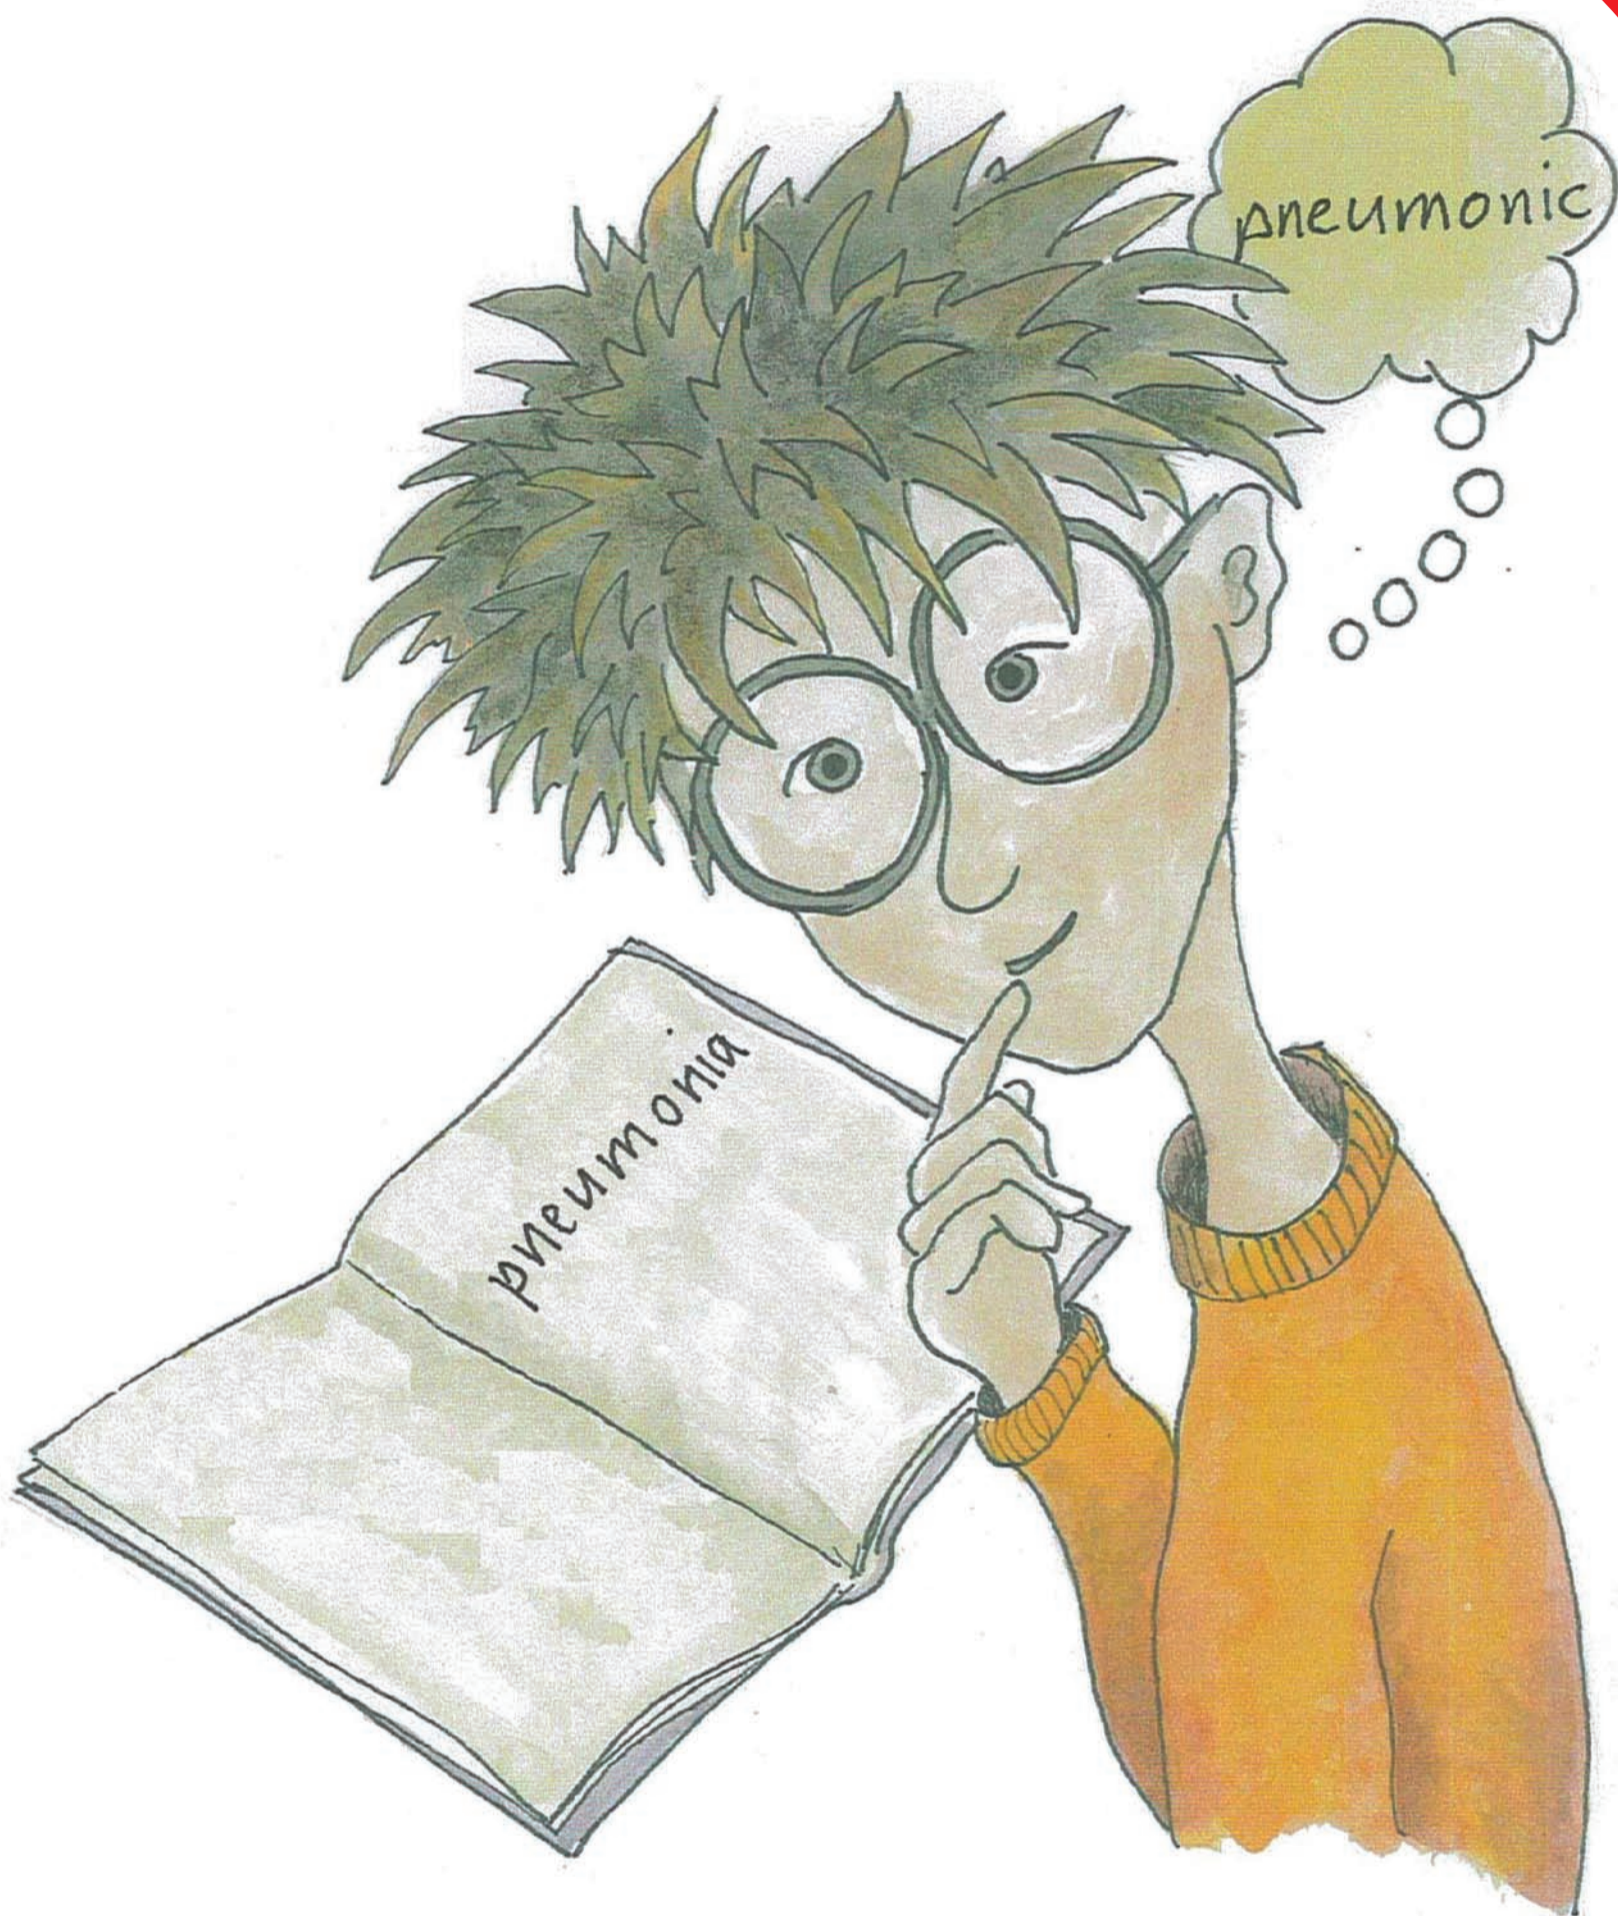

Make a smart guess.

# Infer

Think, "What is the author  
trying to say to me?"  
Look for clues that help you.

# Connect

How do my experiences help me to understand this?

How do things I've seen, heard or read help me to understand this?

How do things happening around me help me to understand this?

# Visualise

Make pictures in your  
head that help you to  
imagine things happening.

# Identify Main Ideas

Determine relevance, summarise, sequence, retell, prioritise, compare/contrast, locate information, understand cause/effect, take notes.

# Question

Ask questions and wonder  
about things

I wonder... How... What...  
When...Where... Why...

# Synthesise

How does what I have read, viewed or heard fit with what I already know?

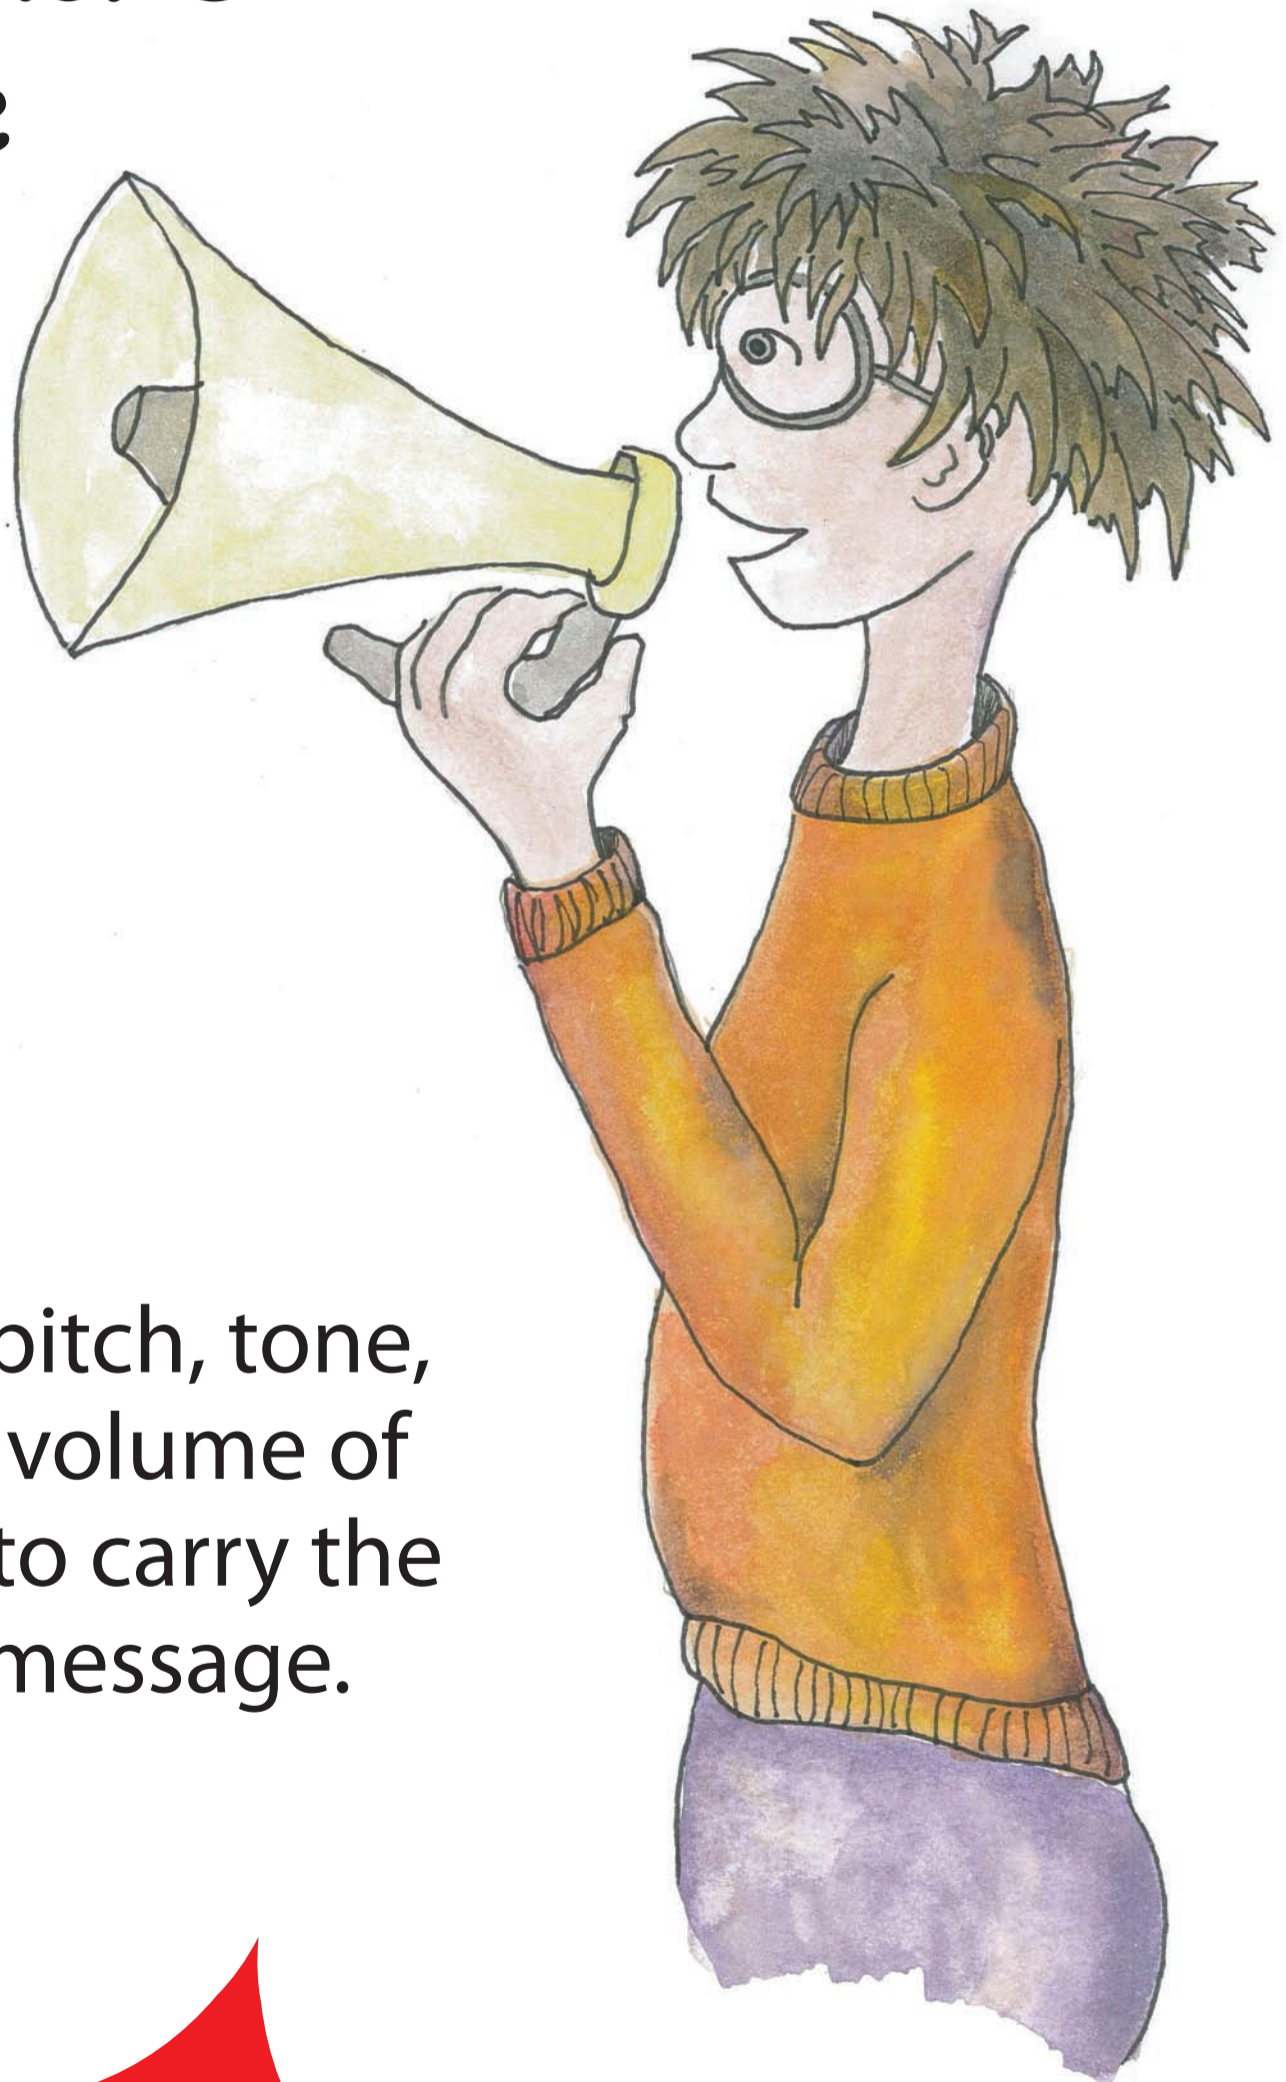

Does it confirm what I know?

Does it help me to know more?

Does it disagree?

**Use expression  
to carry  
the author's  
message**

Adapt the pitch, tone,  
stress and volume of  
your voice to carry the  
authors' message.
