WRITE IT RIGHT WORKSHOP

TOPICS:

Write it Right is a 90 minute presentation, focused on exploring the reasons that spellers make mistakes, and then addressing a range of strategies to support the successful encoding of words.

Why do students make errors on spelling, and why do some students struggle to spell the most basic words? We accept that the most effective reading instruction is built around observing student behaviours and using this information to guide instruction. So how do we apply the same principles to teaching spelling?

Write it Right addresses a range of common spelling errors and helps teachers to identify appropriate instructional techniques for building strategies. Strategies to develop phonemic awareness, explore spelling patterns, master sight words, build words, remember unconventional patterns, apply knowledge of base words and affixers, and use strategies to remember words will be explored

For more information visit our web site at www.literacysolutions.com.au/workshops/ or contact us.

DEVELOPED BY:

Angela Ehmer M.Ed, B.Ed, Dip.T.

Angela is an experienced literacy consultant who works with educators, publishers, parents and community organizations. Her background experience includes classroom, reading recovery and learning support teaching, and educational consultancy to both the public and private sectors. Angela authors for Macmillan Education, and works in partnership with publishers and education bodies to provide professional development services.
